

Fire Hydrant Meter Application

Instructions to install a hydrant meter and turn on water service

1. Completely fill out, sign and date Fire Hydrant Meter Application.
2. Provide an area map with the hydrant flagged.
3. Provide a clear copy of a valid Government Issued ID, authorization if company representative, and a completed W-9 if account is in company name.
4. Include payment in the amount of \$970 to City of Coachella.
5. Installation of a hydrant meter request must be received at our office before 1:00 p.m. for installation of the meter the NEXT BUSINESS DAY. Any requests after 1:00 p.m. will take TWO (2) BUSINESS DAYS for installation of the hydrant meter.

Important Information

We are closed weekends and Holidays. We only install Hydrant Meters Monday through Thursday (excluding holidays).

Only the name of applicant will have access to account information.

As stated on the application, you are required to pay the following fees prior to the installation of the hydrant meter.

Account Establishment Fee	\$ 35
Deposit	<u>\$935</u>
Total	\$970

Only City personnel can move the meter. You will need to call Customer Service at (760) 398-2702 to schedule the new placement usually for the following business day and provide the following information:

1. Nearest cross streets of new hydrant meter location
2. Area map with hydrant flagged

Please read the following statements carefully:

1. I will not use this Fire Hydrant Meter for irrigation purposes.
2. I will not use this Fire Hydrant Meter to fill any type of water feature including but not limited to Pools, Ponds, Lakes or Fountains.
3. If there is no air gap, the vehicles and/or vessels must have a reduced pressure principle/device with a copy of the latest test. (Reference 54.179 A-D)
4. Deposit of \$935 covers the cost of lost, stolen or damaged meters.

If you have further questions: contact Customer Service at (760) 398-2702.

Detailed Project Description

For Utility Department office use only

Is form complete? ____ Yes ____ No If no, reason: _____

Did Customer include map showing location of hydrant? ____ Yes ____ No

Customer Contacted? ____ Yes ____ No How? _____

Notes:

Start Service Acknowledgement of Terms and Conditions

The City of Coachella (City) will start water service and billing provided to undersigned customer(s) ("Customer") under the following conditions:

This acknowledgement and Fire Hydrant Application must be completed, signed and received by City Customer Service VIA mail, email, text or in person, to the City office prior to the activation of any service.

Customer acknowledges that water services are only for the project stated in the Fire Hydrant Meter Application.

Customer acknowledges that the City of Coachella owns, operates, and maintains only the portion of the water service line to the fire hydrant. Customer is responsible for the remaining portion of the service line to the customer service connection being served.

In compliance with Federal Trade Commission requirements, the "Identity Theft Red Flag Rule" mandates that the City of Coachella require the presentation of a valid form of identification from the person or persons who are establishing water account. Customer acknowledges this condition of compliance and must present government-issued identification to establish water service.

Customer acknowledges that the City may disconnect water service to the Property for any reason, including, but not limited to, making repairs, waterline extensions, or failure to make payment when due, the City may discontinue the service pursuant to the applicable provisions in Coachella Water Authority or policies.

Customer assumes all risk of loss or damage to personal and real Property due to backflow into the domestic portion of the customer service line for any reason whatsoever, including without limitation, any water quality exceedances.

Customer shall hold harmless the City from and against all actions, causes of action, damages, demands, liabilities, cost (including but not limited to reasonable attorney fees), claims, losses and expenses of every type and description cost to which it may be subject or put, by reason of accessing the City's system through a fire hydrant meter and any death, injury, damage, accident, or casualty caused or claimed to be caused by the discontinuance of the water service to the Property for any reason, including, but not limited to, Customer's failure to make payment when due.

Customer acknowledges that the City shall have no obligation or responsibility concerning the design, construction, testing, operations, maintenance, repair or replacement of any customer property or equipment.

Customer acknowledges that Customer is responsible for payment for the above services at the rate now or hereinafter established by resolution of ordinance, must abide by all rules pertaining hereto as set forth in the Coachella City Code fixing water rates, and must abide by any regulations promulgated by the City of Coachella or Coachella Water Authority. Customer promises to pay any bill accrued from the date of this application until Customer gives the City written notification at least two working days prior to any termination of service. Customer further agrees that Customer is responsible for all water service between the time the Property is vacated and the time effective written notice is given to the City.

Customer guarantees that all charges, fine and penalties, if any, and water bills for water used will be promptly paid in the time as provided by the ordinance or resolution of the City of Coachella or the Coachella Water Authority. Customer promises to pay any and all attorney and court cost that may be necessary to enforce the terms of this Agreement, including any action to collect any overdue payment.

The City provides meter service through fire hydrant meters as a courtesy to facilitate development within the City's service area. Fire hydrant meters are intended for temporary use purposes and are not intended to provide an alternative means of connective to the system. In instances where a permanent connection can be established, the City will require a permanent connection and not provide water service through a fire hydrant meter.

The City will provide and install a City fire hydrant meter. If the City's meter is damaged, lost or stolen the applicant agrees to compensate the City for all replacement or repair costs. The applicant agrees that the deposit amount represents a reasonable replacement cost for a new meter. Replacement or repair decisions will be made by the City personnel in the event a meter is damaged.

I hereby authorize the City of Coachella to activate my water utility services based on the conditions set forth above.

I HAVE REVIEWED THIS AGREEMENT, FULLY UNDERSTAND ITS TERMS, AND AGREE TO BE BOUND BY ITS PROVISIONS.
